

# VERMONT NATURAL COATINGS®

## PolyWhey®

*Professional Wood Finish Made Green.™*

*PolyWhey®, a revolutionary, patented technology delivers durable, safe and easy to use paints, stains and finishes that have established the highest performance and environmental standards. PolyWhey uses whey protein- a byproduct of cheese making- as the transformative ingredient.*

### A Better Whey

#### **Superior Durability**

Premium durability with patented PolyWhey formula

#### **Red List Free**

No chemicals causing cancer, birth defects, or reproductive harm

#### **No California Prop 65 Ingredients**

Protects ground and drinking water from toxic chemicals

#### **Qualifies for LEED Credits**

Complies with VOC laws in all 50 states and Canada

#### **Green Innovation**

Derived from recycled and renewable whey protein

## Degreaser

**Vermont Natural Coatings Degreaser is a non-toxic, waterborne cleanser that delivers pristine wood surfaces without harming the finish or the environment. With proper use it will not leave a residue and will not dull the sheen.**

Vermont Natural Coatings PolyWhey® is new coatings technology created through a collaboration of farmers, wood-workers and scientists at the University of Vermont. Our whey protein formula displaces toxic ingredients found in many other finishes.

*Durable • Safe • Easy to use*
