

VERMONT NATURAL COATINGS®

ALL-IN-ONE

STAIN & FINISH

Durable • Safe • Easy to use

Vermont Natural Coatings All-in-One Stain & Finish with PolyWhey® is a waterborne penetrating wood stain and finish in one. This easy to use product provides rich color enhancing woodgrain. All-in-One Stain & Finish is ideal for wood cabinets, doors, trim, moldings and furniture projects.

Made with PolyWhey®, our unique formulation derived from recycled and renewable whey- a byproduct of cheese making- delivers a durable, safe finish that has established the highest performance and environmental standards.

- Neutral odor
- Quick drying
- Semi-transparent
- Uniform color
- Non-flammable
- Ultra-Low VOC (under 30g/L)
- Meets highest environmental standards in all 50 states and Canada

PREPARATION & APPLICATION

SURFACE PREPARATION: Surfaces must be clean, dry and free of any grease, glue or other contaminants prior to staining. For new wood, wood must be smooth and clean. For previously finished wood, sand surface lightly to help adhesion. Remove dust with water-dampened cloth. To ensure beautiful, uniform color, pretreat wood with Vermont Natural Coatings **Pre-Stain Wood Conditioner**.

APPLICATION:

- 1) Stir well prior to use.
- 2) Always test the finish on a sample piece of wood to confirm desired appearance.
- 3) Using a brush, pad or clean cloth, apply thin, even coats in the direction of the grain, taking care to avoid puddling. Overlap strokes, always maintaining a wet edge. If desired, wipe off excess material within five minutes.
- 4) Finish will be dry and ready to recoat in two hours.
- 5) If a deeper tone is desired, apply additional coats. Temperature and humidity may alter dry time. For optimum protection and beauty, topcoat with Vermont Natural Coatings clear **PolyWhey Furniture or PolyWhey Wipe-on Finish**.
- 6) One quart will cover approximately 125-150 sq/ft.

FIRESIDE EBONY

During Vermont's long, snowy winters, it's easy to spend hours inside sitting by the fire and watching the embers glow. The fireplace or woodstove becomes the warm, comforting center of activity in our homes and country stores.

CLEANUP & STORAGE

EASY CLEANUP: Brushes and other equipment can be cleaned with warm, soapy water.

STORAGE: Wipe excess finish from container lip prior to sealing. Reseal lid immediately after using and keep lid tightly closed and container in an upright position. Store in a dry, ventilated and cool place. Keep from freezing.

DISPOSAL: Do not rinse empty container before disposal. Let remaining product air dry then remove and discard dry product.
