## HYDRO SEAL

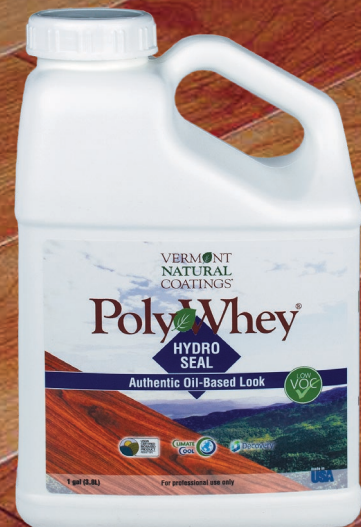

Authentic Oil-Based Look

## The new standard in wood floor sealers

- A single component grain enhancing sealer that creates an authentic oil-based look.
- Safe, durable, and easy to apply. Made with PolyWhey® and Climate Cool plant-based resins.
- Unlike other wood floor sealers, it meets the highest professional application and environmental standards, without compromising performance and durability. Hydro Seal gives wood a warm amber appearance making it the exclusive alternative to harmful solvent-based finishes.
